

JOB OPPORTUNITY – SERVICE TECHNICIAN

Do you have a great passion for product excellence combined with outstanding communication and technical skills – You have a unique opportunity to be our new colleague.

We are currently looking for a Service Support Technician for Europe, Middle East and Asia region. As a traveling Service Support Technician you will visit all our dealers to support with service, spare parts and warranty cases. You will be reporting to our VP of Sales for EMEA

ABOUT GARIA

Garia is a Danish company, which develops, produces and sells Golf and Utility Vehicles. The Vehicles are developed at our head office in Greve, Denmark. The vehicles are produced in Viborg, Denmark. The vehicles are sold all over the world.

MAIN TASKS AND RESPONSIBILITIES

Your tasks will be to:

- Create service plans for key accounts
- Perform service / repairs in field
- Execute service bulletins
- Educate dealers/customers
- Sell spare parts and accessories

Garia has a net of dealers in most of the world. Your task is to support them in the above points, or to execute them yourself where no dealer support is accessible.

Your place of employment will be at our head quarter in Greve, Denmark.

You will receive necessary training at our head quarter in Greve, and at our factory in Viborg, Denmark.

Expect to be traveling 180 days/year.

PROFESSIONAL SKILLS

We expect you to have a background as a mechanic or mechanical engineering with long experience with working alone or unsupervised. Good knowledge of electrical systems is a must.

- You have at least 5 years of experience as a field mechanic

- You can read electrical diagrams and use them for troubleshooting
- You have experience in training other people
- You have excellent communication skills in English and at least one other major language (German, French, Spanish, Italian, Mandarin etc.)
- You have a European passport and a clear criminal record

PERSONAL SKILLS

- You have an outgoing personality, self-driven and have the ability to create strong relationships
- You are in a situation in life where you are able to travel every week and at short notice
- You thrive in a developing organization where the pace is high and every day brings new and exciting challenges
- You have a hands-on approach and are used to working in different cultures
- It is an advantage if you have interest in golf and cars

YOU WILL BE A PART OF

- An international working team with professional and passionate colleagues
- A company in growth, with new projects in the pipeline
- A working day dominated by variety, challenges and responsibilities

APPLICATION

Please send your application, resume and references as soon as possible to career@garia.com – in subject line please write “Application: Service technician”. Applications are reviewed continually, with employment as soon as the right candidate is found.
